Client Commission on Referral Program

June 25, 2008

Rathbone Energy will pay You 5% Commission on Closed Rathbone Broadcast Equipment Referral Business. [Contact us](#) for details at sales@rathboneenergy.com .

Rathbone Energy is giving a 5% commission to any client who sends us an order or orders for New **Rathbone Energy** Lithium Ion Broadcast Batteries and Chargers, or any other **Rathbone Energy Brand** Broadcast Equipment and the referral makes the purchase. How will I pay you the referral? After the product is paid for, has been received by us, shipped, and we have a signed delivery confirmation from the receiving party we will pay you the referral commission via Cashiers Check or PayPal, our choice.

The buyer MUST tell me on the Front end that You referred him or her to me for You to get the 5% commission. NO EXCEPTIONS!

In the current economy, I wait until we have enough orders to spread the international freight a little better. +/- Ten days from receipt of my bank wire the factory I have contracted to manufacture my lithium ion batteries and chargers for me to MY specification, ships that order overnight to me, through customs, and overnight to me.

Sincerely,

Ron L. Rathbone
President
